THNX FOR INFO - WA₂YDS

SEPTEMBER 1984 DIRECTORS' MEETING

KB3IV opened the meeting, held at the home of W3GIF & N3DQG, at 8:20 P.M., on Wednesday September 19th. In attendance were: W3's AA, AWH, GQD, IIM, IIN, PST, BBB, SGR, UY & DSG; K3GNM; N3DHI; WB3KOJ & W2FUW. - Minutes of the Sept. General Meeting were approved. - W3IIN gave the Treasurer's Report which was also approved. (After some question about her recent and upcoming vacations - Is it time for a surprise audit?) - W3PST announced that all Blurb data must be in his hands by mid-month meeting or the 15th of the month, which ever is earliest. Woody also asked that any ideas for "Sam's Corner", be sent directly to Sam Kuncsevitch. - Ed announced that the Awards Committee is being headed by W3ZPP. He also mentioned that he will be filling in for AK2I on the Thursday night bulletin net until Jake is able to resume the activity. (And others) - N3DHI reported MOCOM in good health and that it will be used at the Pac-Rats Hamfest on Oct. 7th. - W3IIM told of his recent visit to the BRATS Club Station (That's SRU's other home repeater) and of their hands on public informational aids. Jack suggested that the club consider this type of idea when W3TKQ is refurbished. - W3BBB, with the technical aid of K3GNM, reported that the recent illness of the repeater was a few blown do-hickies, (They're like transistors and diodes) and that they have been replaced. Jim mentioned that there has been some investigation into the relocation of the repeater and that further studies will be made. - W3PST (In exceptional voice) inquired into the status of the tax-exempt question and W3IIM said that he would do some investigation into the matter. Woody then made a motion (He must have spent a month with a Thesaurus and a lawyer on the verbiage) to dispense with the reading of the minutes at the General Meeting. After some discussion, the motion was defeated. (I was happy to vote for the motion) - Membership retention and interest was discussed. (Time for some SRU

flip charts) - The meeting was adjourned at 10:15. Refreshments provided by our gracious hosts, Al & Doris, were served.

OCTOBER 1984 GENERAL MEETING

The 419th General Meeting, held on October 1st, was opened at 8:05 P.M. (An all time record for Ed) - WB3KOH read the minutes of the September Directors' meeting, which were approved. - W3IIN treated the club with her latest fairy tale (The Treasurer's Report). - The meeting was attended by 39 members and 45 guests. (The guests, after 419 meetings, finally outnumbered the members) W3VVS (who is "unretired" again) introduced them all. (Names omitted because the Apple refused to enter that many) - W3BBB reported that the SpecCom repeater has been repaired and that the problem was a bad driver transistor and tuning capacitor. (Do-hickies sound more interesting) Jim also informed the membership that the clock is now available to all members, and can be accessed by the *, during the first two seconds of a transmission. Jim asked for help in laying carpet (I'm sure we'll hear alot more on this proposition) in MOCOM. - N3DHI said that the van will be on display at the November 5th Old Timers Night Meeting. - KB3IV announced that AK2I & W3AWH were both hospitalized. - W3PWG said that the future of W3TKQ is in doubt, but that efforts are being made to upgrade the station; as evidenced by the recent purchase of a Commodore 64, a printer and RTTY software. These items were purchased with the help of donations received by the station. - W3AA urged (Hal made a "suggestion that you can't refuse") the members to support the 35th Anniversary Banquet. Refreshments, in honor of KB3IV's birthday, were served. The meeting was adjourned to the Planetarium, (It's fun having meetings in the dark) where thanks to WB3BOD, we were treated to an outstanding demonstration and show.

Respectfully Submitted,

Natalie Gordon - WB3KOH

OLD BUSINESS

TVI RETREAT
30 YEARS AGO
NOV. 1954

New members: W3UEC, Hal Pickering, W3SAI, W3VAS, W3QKW, W3VXN, W3UAX, W3AJQ.

No one found the rig at the last transmitter hunt! It was hidden behind Kenyon's Diner in North Hills ... Banquet tickets are on sale and going fast. Jay, W3IM will be our after dinner blarney spreader again this year ... The boys went balloning again this past weekend. W3HYU, W3IW, W3KCG & family, W3QZP, W3CNO all went to see them off. A heavy wind swept the basket along the ground until the boys inside pushed the "up" button. It promptly took off like an elevator ... W3GIF has been temporarily transferred to Pittsburgh by Uncle Sam and will be on the air from there on 10 and 75.

In accordance with the new club constitution the membership is now limited to 100 members. This places a heavy responsibility on the shoulders of the membership committee.

Jay and his committee have been hard at it these past few weeks getting the exhibit ready for the Almo Radio Show to be held at the Hotel Sherwood on Sunday, October 31st.

Excerpted by W3IIM

THE BLURB
15 YEARS AGO
NOV. 1969

Doc Burket's (W3HQJ) new \$4.2 million teaching and research building was dedicated by the University of Pennsylvania School of Dental Medicine ... Tom Bohlander (W3KLR) passed his General class license and started to Drexel as a freshman, all in the same week!

W3VVS has a Wayfarer Mark 4 camping trailer. Boy, will we sleep in style next field day and at Paddlerama!

At the October meeting there were present 33 members and the following visitors:

Tom Bohlander (W3KLR)
Bill Clayton (W3HIE)
Dot Jorett (K3ZLE)
Chas. Stouth (W3ZPP) who was an early editor of the Blurb.
Wayne, son of W3ZPP
Dr. Tom Benham (W3DD) who was our guest speaker.

Of 14 of the hams who were present, W3VVS asked how many years each had been an amateur. The total amounted to 544 years, an average of 38.9 years each!

The editor (Anne Hecht) noted her pleasure at seeing so many well-remembered faces, and that it would be more pleasurable to see them more often!

Excerpted by W3IIM

AMATEUR RADIO MEANS PUBLIC SERVICE

Again this year Phil-Mont has been asked to assist with the radio communications for the Philadelphia Independence Marathon which is scheduled to be held on the Sunday following Thanksgiving (November 25th).

Volunteers who are willing to donate their time from 0730 'till 1300 should call Jim Metzger, KA3HWD at the following numbers:

Home 215-785-5095
Work 215-466-4432

Come on out and demonstrate some of that good-old public spirit that used to be evident Every Single Minute.

MOCOM COMMITTEE REPORT

During the past few months, members of Phil-Mont have been hard at work improving the looks and operation of MOCOM V. To clean up the overall appearance of MOCOM, a wash and wax was held on Saturday September 22, 1984 behind the Edge Hill Fire Co. Some people came by motorcycle while others came by motorcar to participate in the activity under clear blue skies on a superb summer-like afternoon. Our task might have been formidable but the group put their best arm forward and gave MOCOM V a thorough cleaning in just three hours. Thanks to W3IIM, W3IIN, N3DHI, W3GQD and his wife Jackie, the van looks great. The addition of two new signs for the outside of the van give our Comm Center the look of elegance while on display at all events. On the inside, changes have been made to improve our existing quality communications by updating the 2 meter rig at the driver position to a 30 watt Kenwood TR-7400. Of course the big change has come with the use of the Standard repeater and Phelps-Dodge cavities which allow W3QV/R to operate duplex on a single antenna atop the 40 ft. tower. This latest improvement was evident when MOCOM operated Paddlerama-84 with full coverage along the river during both days of our operation.

This year MOCOM has been to 7 events and seen by people from all walks of life including the amateur radio community. Everyone who stepped inside the Comm Center was overwhelmed and felt Phil-Mont should be proud of such a fine piece of mobile emergency communications equipment. Our unique amateur radio center stands at the ready for any call; be it a disaster or public service event, and shows the residents of the Delaware Valley that members of Phil-Mont are ready to serve Every Single Minute. In this our 35th year of service to the public through amateur radio, we should all feel gratified to have served the community through this mutual bond called "Ham Radio" and at the same time enjoying each others fellowship.

Why not continue that good feeling at our next regular meeting and see all the latest on MOCOM V while it's on display outside the Franklin Institute.

73, N3DHI Rick Spencer

**** UPDATE ****

WE HAVE GOOD NEWS AND WE HAVE BAD NEWS: Last month's program, the Planetarium show "Eyes On The Universe", presented by our own WB3BOD, had the highest attendance of the year (84 people), and was the third highest in at least three years! Unfortunately, for the first time in recent history, the guests outnumbered the members! (45 to 39 - only three more members than last month.)

November 5, General Meeting program: OLE TIMER'S NIGHT with RUSS MILLER, K3NYN as guest speaker. Russ, WWDB talk show host, promises to be one of our most interesting speakers this year, and will speak on a topic of general interest to all. Come on out and get some free advice and counsel!

Phil-Mont's communications van (MOCOM V) will be on display outside the Institute, and will be open for your inspection both before and after the meeting.

Also, this is the last day to buy your tickets for the banquet ... you'll be sorry if you miss it!

November 9, PHIL-MONT'S 35! - Banquet Maybe we should call it Ladies' Night, since it's really for our ladies' enjoyment. It's our way of saying thanks for letting us spend all that money on our very expensive toys!

The alternate prize given at our general meeting drawings is ONE BANQUET TICKET. So far, Sharon (XYL-KB3IV), K3NYL Bob Brangan, and Jinny have won them. Who will be last? Only one more drawing to go. Certainly, if you've already paid for your tickets, you'll receive a \$25 refund if you win the drawing!

December 3, ELECTIONS!!!

January 7, General Meeting program: To be announced. (Don't worry folks, we're working on a good one, but couldn't get it confirmed in time for this issue.)

SEEOUATTHEMEETING!

from the jump seat (because I'm not in the back seat, this trip)

I think something should be mentioned about an event in which we participate, but is not our show, and that is the Pack-Rats' (Mt. Airy VHF Society) HAM-A-RAMA. This is an annual event for our VHF friends, of which we are happy to be a part.

Somewhere along the line of flea markets, it is very easy to acquire a ho-hum attitude. Some clubs have their hamfest/flea-markets very irregularly, maybe when they feel there is a need to do something, anything. But not so with the Pack-Rats. This is a regular October affair. You can count on it! There is a lot of work, a labor of love, to be sure, but it pays off. Others seem to be getting smaller, while this one is bigger each succeeding year. So much so, that I think, for what it is worth, this '84 was the biggest yet, at least as far as attendance goes. The massive parking lot had to be closed around 8:00 am. Maybe it is because this was one of the very few years excellent weather was enjoyed. But with it all, there is a little known side effect associated with the occasion. I'll call it the honey effect. As honey attracts flies and bears, the HAMA-A-RAMA attract hams far and wide. My personal experience was that I met again many old friends that I knew but hadn't seen for many, many years. It was great to renew these acquaintances. Whatever you're doing, Pack-Rats, keep doing it. I don't know what the bottom line will reveal, but I hope it was a good one. CONGRATULATIONS!!

cc W3KOJ

THE PHILADELPHIA DISTANCE RUN

Phil-Mont provided communications for this half-marathon held on the 16th of September. 7,300 marathon runners participated.

KA3HWD, operating the Bell Tel. Co. LBARA Club station, served as NCS and did a fine job, as usual, WB3CMM coordinated operations, and WB3HYB operated from the press bus. Operators at the various course check points included KA3BET, WB3BOD, N3DSS, KI3J, WB3KOH, W3PST and W3SRU.

Thanks to all who participated.

de w3sru

Somewhere in these pages, you will find an unnumbered sheet. Save it! There will be more to follow as space, or rather, as sheets permit. Areas are listed alphabetically, followed by the frequency of the repeaters that can be reached. For brevity just add 140 to the numbers. Then follows the emergency phone number that best serves that particular area. Thanks to Holmesburg ARC.

The Prez Sez....

On Friday October 12 at 4:30PM, W3QV repeater was pressed into service to handle some emergency traffic. Our Treasurer, Jinny W3IIN, was involved in an automobile accident. The car she was driving, a Subaru station wagon, was struck broadside and flipped 360 degrees and landed back on its wheels. Her Larsen Mag Mount antenna was knocked off the roof, but a bystander put it back at Jinny's direction. She broke into an ongoing QSO with "break - break - break", the proper procedure for emergency traffic. The station on board at the time stood by, and the emergency was relayed to the police and to her husband Jack, W3IIM, quickly. They both were able to respond to her call for help promptly. This is another example of the value of amateur radio. Many thanks to all those involved.

But wait, that's not the point of my article this month. Amateur radio isn't worth a darn if you can't use it. Jinny was able to use her radio and the repeater because she was wearing her seat belt, and was not hurt. Ham radio helps but "SEAT BELTS SAVE LIVES". Make sure you and your passengers buckle-up everytime you get in a car. Your radio will only work if you're alive to turn it on.

NOV '84

Another Viewpoint

SINCE GNM & NSD WANT TO TOSS DARTS, THEY BETTER LOOK OUT FOR THE OPINIONATED BY-STANDER WHO SEES ANOTHER SIDE. DR. GREEN CALLS THE STATEMENT BY GNM A CHEAP SHOT. FROM THE SELLING ANGLE, MAYBE. BUT HE'S GOT A DARN GOOD POINT OTHERWISE. AND DR. GREEN'S SHOT IN RETURN WAS AS WILD AS A DRUNK BASEBALL PITCHER. NSD COMPARES THE AMERICAN HAM OPERATOR WITH THE HAM OPERATOR OF JAPAN. THAT'S LIKE MATCHING GRAPES TO WATERMELONS. IT IS EVIDENT NSD HAS NEVER MET OR KNOWN A RADIO OPERATOR OF JAPAN. I HAVE, OR HE WOULD KNOW THESE PEOPLE ARE BORN AND BRED TO LIVE IN HONOR.

THEY WOULD DIE BEFORE BEING DISHONORED FOR A VIOLATION OF TRUST OR RULES. THERE IS NO WAY YOU WILL FIND THAT RESPECT IN AMERICAN RADIO.... JUST WHAT IN BLUE BLAZES DO YOU THINK YOU WILL GET FROM A CBER TURNED 'HAM' BY WAY OF AN APPLE PIE EXAM?

I HAVE BEEN BOTH HAM & CBER, I KNOW WHAT GOES ON, ON THE AIR. THO I HAVE NO LOVE FOR THE FCC, FOR DEALING FROM THE BOTTOM OF THE DECK WHEN THEY STOLE MY HAM TICKET, BUT I PITY THEM IF A WAVE OF CBERs FIND AN EASY PATH TO A HAM LICENSE. I HAVE OPERATED CITIZEN BAND UP AND DOWN BOTH EAST & WEST COAST, DURING THE LAST 10 YEARS, NO AREA IS ANY BETTER OR WORSE THAN ANOTHER. GNM MAY ONLY BE GUESSING, BUT I KNOW FOR A FACT ABOUT CBERs WAITING FOR A FREE HAM TICKET. AND YOU DONT NEED A CRYSTAL BALL OR BE FAR SIGHTED TO SEE IT.

JUST LISTEN A FEW DAYS ON 11 METERS. YOU WILL FIND GNM HAS A POINT.....
